ANNUAL REPORT

# City of Rochester

New Hampshire

For the Year Ending December 31, 1924

Elihu A. Corson, Mayor

Thirty-Third Annual Report

OF THE

# City of Rochester

New Hampshire

For the Year Ending December Thirty-First  
Nineteen Hundred and Twenty-Four

# Inaugural Address

BY

MAYOR ELIHU A. CORSON

*Gentlemen of the City Council:*

The hand on the dial has made its circle; another year has passed and we have been elected to take charge of the City's affairs for the year 1925. I appreciate the honor conferred upon me, and, realizing as I do the responsibility of my position, and knowing full well that a Mayor can do but little without a good working Council, I ask your co-operation. Business in every walk of life has been the chief pioneer in the march of man's progress, for in good business, local prejudices are removed and personal antipathies are broken down and the whole family of man is bound together by stronger ties of association through mutual and dependent interests. It brings men closer together and better cities are built. I ask that we work together, so as the year draws to a close, we can look with satisfaction upon the things we have accomplished. I feel that there is much need of a greater community spirit in our City, for when we have the good will of the public it is easier for each department to accomplish its duties. Therefore, again I ask your co-operation, that we may render to the City the best service possible.

## SCHOOLS

Good schools are the greatest asset a City can possess. We must give the youth of this generation

the essentials that they will need twenty years hence. Therefore, I am thoroughly convinced that the Mechanic Arts Course, recently introduced at the high school, is worth while. I believe that in order to efficiently develop this course, and care for the increasing number of pupils in our high school, additional room is needed. This addition should not only contain classrooms, but also a gymnasium. A high school building without facilities to develop the body along with the mental faculties cannot cope with the demands of the public. I would recommend that we make such repairs as needed each year and make such improvements to the school grounds as our finance will allow.

### STREET LIGHTS

To my mind a well lighted city is very essential, and I believe we should devise some method by which we can improve the business section of our City, also add a few more lights in some of the poorly lighted sections, thus protecting the public and aiding those passing through our City.

### ROADS, BRIDGES AND DRAINS

I am a very strong believer in good roads. There is much to be said on this subject. Good roads are as essential to the prosperity of all as were the railroads of a few years ago. Better highways have become essential to the welfare of the people, and the cost of construction and maintenance has become so vast that the highway question becomes one of the important problems of the present and future. When we recognize that we are annually spending in round numbers one billion dollars throughout the United

States for road construction, reconstruction and maintenance, we can appreciate the magnitude of the problem. When we realize that we have over eight billion dollars invested in automobiles and trucks in this country, then it is possible to get some conception of the interests at stake when we consider highways. The automobile is not a luxury, it is a necessity, and without it we could not fill our place in the busy civilization of today.

Gentlemen, here are some of the things we should do as soon as possible: put the Pickering Road in good condition, also the old Dover Road, and we must get to work on the Meaderboro Road in the Spring. I would recommend that the Committee consider the hot topping of Winter, Chestnut, Pine, and Signal Streets, through Leonard to Portland Street, also Myrtle, Congress and Woodman Streets and some on Charles Street. We must not lose sight of our rural highways, for having good roads help to make our City more prosperous. I shall favor a liberal appropriation for this department.

## WATER WORKS AND SEWERS

There should be a new gate house constructed at the reservoir as the one now in use is too small and the walls are badly cracked. It would be impossible to renew the gate valves in the bottom of the chamber owing to the small space and they should be replaced soon. To give a sufficient water supply when the City is taking from Round Pond, there should be another 12-inch main running parallel with the one now in use. This would mean about one-half mile of pipe. There is a line of 16-inch pipe laid under water through the

reservoir to the dam. Below the dam at the reservoir there is a cross over valve that allows the surplus water to feed into the old 12-inch main to the City. This 16-inch main is laid to a point about 300 feet from the upper shore, and this would mean considerable expense to do this job, as the pipe is laid in very wet land. There ought to be two cement dams built at Round Pond to keep undesirable waters from contaminating this pond. This should be done as soon as the money in the sinking fund of this department shall warrant.

## FIRE DEPARTMENT

May I call your attention to this department. During the past year new equipment has been added, and by so doing, this department can render more valuable service to the property owner. I would also ask our tax payers to visit the station that they may become better acquainted with the working of the same. I would recommend that a motor chassis be added to our Fire Department. Said motor chassis to be equipped with a hose body and chemical tanks, to be used at forest fires, thus saving the more costly equipment. The time has come when we should take into consideration the building of new quarters for our City horses as the present location of our City stable is very undesirable. I further recommend that a suitable gong be placed on Central Square to be in charge of the Fire Chief, and to be sounded when a silent alarm is received. The work as suggested by the Fire Underwriters has been carried out. A new main pipe has been laid from Spring Street to Central Square and up Wakefield Street to Glenwood Avenue. I recom-

mend that the Committee on Fire Department get in touch with the New Hampshire Fire Underwriters, so that the property owner can get a lower rate of insurance.

### SALARIES OF CITY OFFICIALS

I favor the hiring of good efficient employees by the heads of every department in the City, for when we can get a good organized crew of men together, we can accomplish better work for a much smaller amount of money. I find it is much better to have the good will of one's employees, and you can expect this when you pay them a living wage. I favor the election of one tax assessor to remain in the Assessor's office every working day of the week, hours and salary to be fixed by the City Council.

### POLICE DEPARTMENT

It is quite complimentary to our citizens that we can maintain so small a police force. It is conclusive evidence that we are all striving for the same good government, and it seems wise, owing to the increasing number of automobiles, that another man be added to the force during the summer months to do traffic duty and such other work as the Marshal may direct and said officer to be elected by the City Council.

### SIDEWALK DEPARTMENT

Good work has been done during the past year in this department. It is exceedingly gratifying to see so many good walks constructed and the willingness of our citizens to pay one-half the construction price of the walks adjoining their premises. This alone shows

great civic pride on the part of our people. I would recommend that the old brick walk in front of Barker Block be taken up and a granolithic one laid in its place; also repairs are needed in front of City Hall and in front of the Public Library.

### SHADE TREES, PARKS AND COMMONS

We should not lose sight of our shade trees, parks and commons. They add so much to the beauty and attractiveness of a city, and they must not be neglected. Should we care to spend the money, the Dominicus Hanson Park can be made one of the most beautiful in this section. I recommend that a caretaker be employed during the summer to be constantly on duty throughout the day under the supervision of the Committee on Shade Trees, Parks and Commons.

### SURFACE SEWERS

To my mind this is of great importance, for a well drained city is a much better place in which to live. The upkeep of the roads is very much less when properly drained, so I would recommend that the department do not overlook this.

### PUBLIC LIBRARY

One of the most valuable assets of our City is the Public Library. In 1918 the number of books which the library contained was given as over 16,000. In 1924 about 65,000 books were given out; 18,315 visited the reading room; 8,516 readers visited the children's room; and 982 books were loaned to teachers for school work. The reference room is fast becoming too small to accommodate all who wish to use it. Not only do

our boys and girls find it of great value as an educational factor, but business men and others can always find something suited to their needs. The increase in the number of volumes under the supervision of our very efficient Librarian and her assistants is far exceeding the capacity to properly care for them. I recommend the providing of the amount necessary to cover the expense of more shelf room so much needed. I also would suggest that the lecture room could be used to augment the reference room without a very great expense. The same could be used by our boys and girls to great advantage in their school work. The installing of a radio in said room would be well to consider at some future date.

### NECESSITY FOR FUTURE WORK

While the Forestry Department believes that an excellent showing has been made in the past two years towards controlling Pine Blister Rust in our City, there is a large area that needs attention. The Department recommends that the City of Rochester make such appropriation as the Finance Committee may deem advisable.

### CONCLUSION

Gentlemen:—There is no element which will enter into our future success as a city more than for us to work together and strive to make our influence felt among our citizens. Let us be careful to remove all jealous and petty feelings so that we may attain the desired end which we all should strive for. Let us add dignity to labor, and in our dealing with our fellow men be honest, be just, and fear not.

# Important Resolutions and Orders

PASSED BY THE CITY COUNCIL

---

## FOR ANNUAL APPROPRIATION

*Resolved by the City Council of the City of Rochester:*

That for the support of the various departments of the City of Rochester for the year 1924, there be raised by taxation the amount of two hundred thirty six thousand and sixty-six dollars and the assessors are directed to assess that amount with such overlay as may be thought necessary.

Passed January 22, 1924.

## TO RAISE MONEY WITHIN THE SPRINKLING PRECINCT

*Resolved by the City Council of the City of Rochester:*

That the sum of twenty-five hundred dollars be raised by taxation within the Sprinkling Precinct, in accordance with the act of the Legislature creating said precinct.

Passed January 22, 1924.

## TO LAY NEW WATER MAIN

*Resolved by the City Council of the City of Rochester:*

That the Committee on Water Works be authorized to purchase sufficient pipe, hydrants, gates and all things necessary to construct and lay a twelve-inch

water main from the sixteen-inch main on Spring Street, through Spring Street, Sheridan Avenue, across Allen School House Lot, along Woodman, Myrtle, Congress Streets, through Central Square, and along Wakefield Street to the intersection of Glenwood Avenue; to construct necessary branches, remove the present hydrants and connect new steamer type hydrants with said main; to make the necessary excavations in said streets and do all things necessary to fully construct said water main and put the same in full operation. and when found necessary in the performing of said work to divert the travel from any one of said streets.

Also to purchase sufficient six-inch pipe to lay a water main through Sturtevant Court to the rear of the City Hall, to excavate and construct a pipe line through the same, to install a hydrant thereon, and do all things necessary to fully equip the same. Provided the same may be done from reserve funds and earnings of the water department or from surplus funds of the City of Rochester not otherwise appropriated and without increasing the City Debt.

Passed January 22, 1924.

## TO PURCHASE FIRE EQUIPMENT

*Resolved by the City Council of the City of Rochester:*

That the Committee on Fire Department be authorized to purchase for the Fire Department one Triple Combination Pump Chemical and Hose Truck and all necessary hose; one Service Hook and Ladder Truck; a Two Circuit Fire Alarm System for the equipment of the City proper; and one Electric Siren for East Rochester Village; to properly install the

same in the fire system for the City of Rochester proper, and to place the Electric Siren in the Engine House at East Rochester.

The same to be purchased from any surplus funds in the hands of the City Treasurer and to be purchased without increasing the City Debt.

Passed January 22, 1924.

VOTE TO DRAW UP CONTRACT TO EXTEND  
CITY WATER WORKS TO SOUTH LEBANON,  
MAINE

That the Committee on Water Works and Sewers and the Committee on Finance be instructed to draw up such contract as will best serve the interests of the City of Rochester and the Town of Lebanon, Maine.

Voted March 4, 1924.

TO DEPOSIT MONEY HELD AS SURETY

WHEREAS, Hon. Horace L. Worcester, Clerk of the Municipal Court of the City of Rochester, New Hampshire, has in his hands the sum of twenty-five dollars and seventy-eight cents which came into his hands through the Samuel Goldstine case, and it is the desire of the Municipal Court that the said City take possession of said money and assume responsibility thereof.

RESOLVED that the City Treasurer is authorized to receive said money and to receipt therefor.

Passed March 4, 1924.

TO GRANT THE USE OF THE CITY OPERA  
HOUSE FREE OF CHARGE DURING THE  
NATIONAL MUSIC WEEK

*Resolved by the City Council of the City of Rochester:*

That the use of the City Opera House be granted free to the Committee in charge of the observance of National Music Week, said dates to be May 4, 5, 6.

Passed April 1, 1924.

TO GRANT PERMISSION TO THE WOMEN'S RE-  
LIEF CORPS OF THE CITY OF ROCHESTER  
TO PLACE A TABLET ON THE LAWN IN  
FRONT OF CITY HALL

Whereas the Women's Relief Corps hereby requests permission to present to the City of Rochester and place on the lawn in front of City Hall a tablet in memory of the boys of Rochester who made the supreme sacrifice in the World War:

Therefore, Be it resolved that such permission is hereby granted and the City of Rochester will provide a suitable base for said memorial to be placed on the lawn in such location as the Mayor and President of said Corps may determine.

Passed May 6, 1924.

TO EMPLOY TRAFFIC OFFICER

*Resolved by the City Council of the City of Rochester:*

That the Committee on Police be authorized to employ a traffic officer for a period not exceeding five months, at a salary not exceeding \$100.00 per month.

Said traffic officer shall be competent and satisfactory to the City Marshal, and shall be at all times,

while on duty, under the supervision and direction of the City Marshal and Mayor and may at any time be removed for cause by the Committee on Police.

Said salary shall be paid from any monies not otherwise appropriated.

Passed May 6, 1924.

### TO HIRE IN ANTICIPATION OF TAXES

*Resolved by the City Council of the City of Rochester:*

That the Committee on Finance be authorized to hire in anticipation of taxes a sum not exceeding twenty thousand dollars. The same to be hired on note or notes of the City and to be hired at such times and taken up at such times as the balance in the treasury will warrant.

Passed May 6, 1924.

### REPORT OF COMMITTEE AS TO WATER WORKS EXTENSION INTO SOUTH LEBANON, MAINE

The Committee on Water Works and Sewers in conjunction with the Finance Committee have investigated the proposition of furnishing water to the village of South Lebanon in the town of Lebanon, and wish to submit the following report:

There seems to be an earnest desire among the majority of the inhabitants of South Lebanon of securing the extension of our water system to their village for fire protection and domestic purposes and the town in town meeting assembled has voiced its co-operation. Your Committee has ascertained from the Water Commissioner that the City supply of water is

ample to make the extension and at the same time furnish water for any probable growth to our City. The extension will cost around ten thousand (\$10,000) dollars depending largely on the amount of ledge encountered, in the excavating, and the committee believes there will be funds available in the Water Works Department to complete the work. As the inhabitants of South Lebanon do a greater part of their trading in East Rochester and our City proper, as the village without fire protection is a fire hazard to East Rochester, as there is sufficient water to extend our system to South Lebanon, and as there will be funds available to do the work your Committee can see no reason for refusing to extend the City's water system as proposed, if the City can be fully protected by proper contracts with the Town of Lebanon and the prospective water takers.

Several of the reputable citizens of Lebanon have met with your Committee to ascertain the approximate cost to them in securing the water extension and the probable form of contract they would be expected to accept. Your Committee as a part of this report submits the form of contracts that are thought to be in proper form. These contracts were drawn up by the City Solicitor with the sanction and approval of your Committee and are as follows:

#### A Contract With the Town of Lebanon

This agreement made this.....day of.....  
1924, between the Town of Lebanon in the County of York, and State of Maine, and the City of Rochester, in the County of Strafford and State of New Hampshire, witnesseth:

In consideration of the promises hereinafter made on the part of said Town of Lebanon, said City of Rochester hereby contracts to extend and construct its water pipe lines now laid in East Rochester Village across the Salmon Falls River and into that part of Lebanon adjacent to and near the said East Rochester Village, and to erect on said pipe line such number of hydrants as the said Town of Lebanon may desire, and that it will keep said water pipe lines supplied with water whenever, and at such times, as the reservoirs and system is supplied with water beyond the quantity required for fire protection purposes in the said City of Rochester, and for the use of its citizens and takers within the limits of said Rochester, and will sell and deliver such surplus water to the residents of that part of Lebanon adjacent to said East Rochester Village in such quantities as the citizens may desire for domestic uses. That they will accept and receive from said Town of Lebanon . . . . . dollars for the annual use and rental of all hydrants in full payment thereof and that they will accept from the takers and users of such water for domestic uses annually such sum as will amount to ten per cent. of the cost of construction and maintenance, including interest thereon, at five per cent. per annum of said water extension, less hydrant rental received from the town of Lebanon, for a period of ten years from date hereof.

And said Town of Lebanon by vote of its citizens in meeting duly assembled at its town hall on the 26th day of April, a copy of which vote is hereto attached, grants and gives to said City of Rochester, the right and privilege at all times to enter upon the highways of said Town, to dig and excavate ditches, and lay such water pipes therein as may be deemed proper, to exca-

vate and install proper hydrants and do all things necessary to establish a water system, and supply the citizens with water for fire protection and domestic use, and thereafter in said highways to dig ditches, excavate and do all things necessary to maintain said water system in good condition; and authorize and empower its selectmen to enter into a contract and agree with said City of Rochester to accept and have installed along its highways adjacent to said East Rochester Village, in convenient locations to be mutually agreed upon . . . . . hydrants, and to pay an annual rental therefor the sum of . . . . . dollars per annum, and after the expiration of the first ten years to pay . . . . . dollars per annum for each hydrant, so long as said hydrant service is supplied, payable on the first days of January and July during each year.

It is mutually agreed by and between the parties that the construction of the water system is not to be commenced by said City of Rochester until the number of takers for domestic use, together with the amount promised to be paid by said Town for hydrant rental shall be sufficient to pay ten per cent. annually of the cost of construction and maintenance thereof.

And from and after the expiration of said ten years' term or as soon as said extensions are fully paid for, then the domestic takers and users of the water from said extension shall have the same upon the same rules and regulations of the takers within the City of Rochester.

In witness whereof the said City of Rochester by its Mayor, and the said Town of Lebanon by its selectmen, have hereunto set their hands and seals and adopted the day and date above written.

Signed, sealed and .....  
 delivered in presence of Mayor of Rochester  
 .....Town of  
 .....Lebanon by  
 its Selectmen

.....  
 A Contract With the Water Takers  
 Agreement for Laying Water Main

This agreement made this ..... day of .....  
 1924, between ..... the party of the first part,  
 of Lebanon, in the County of York and State of Maine,  
 and the City of Rochester, in the County of Strafford  
 and State of New Hampshire, party of the second part.  
 witnesseth:

That whereas the said party of the first part is  
 desirous of obtaining water to be installed at .....  
 residence at ..... in said ..... it is necessary  
 to lay a pipe from the end of the main on .....  
 street in said Town of Lebanon, the said party of the  
 first part agrees with the said party of the second part  
 that if it will lay its pipe line as aforesaid, said party  
 of the first part will connect his residence with the  
 same, and does hereby bind himself, his successors,  
 heirs, administrators and assigns, to take and use said  
 water and to pay the said City of Rochester, semi-  
 annually, such sum in addition to the amount raised  
 by taxation by the Town of Lebanon and paid to the  
 City of Rochester for the use of this water as will  
 amount to ten per cent. per annum of the actual cost of  
 construction and maintenance, including interest  
 thereon, at five per cent. pe annum, of such pipe lines  
 for a period of ten years from date hereof.

The said City of Rochester agrees to accept the  
 above amount payment for all water used by the tak-

ers thereof during the said period of ten years or until such time as said pipe line is paid for in full, and thereafter to be subject to the rules and regulations of the City of Rochester . . . . ., also a blank-et form of contract.

We, the undersigned, citizens and land owners of that part of Lebanon in the State of Maine, adjacent to East Rochester Village, for ourselves, our heirs, administrators and assigns, do hereby contract and agree with the City of Rochester that if it will lay water pipes in the highways of this section of our town near our dwelling houses and across the Salmon Falls River, and connect the same with the water pipe lines of their system in East Rochester, and hereafter maintain the same and furnish us water, that we will take and use the water from said extension of the pipe lines for all domestic purposes, and will pay to said City of Rochester, during the period of ten years, such sum as will, together with the sum of money paid by the Town of Lebanon to said City of Rochester for fire protection purposes amount to ten per cent. of the cost of construction and maintenance, including interest thereof of the same, at five per cent. per annum, and that we each and all guarantee the full payment hereof.

And we each and all hereby contract and agree with each other that during said term we will each pay to the City of Rochester our proportionate part of the above amount as found and determined by said City, upon demand therefor, and all sales and transfers of property, by and of us, shall be subject to this obligation, and to be assumed by the grantee of any taker.

And from and after the termination of said period of ten years we will continue to use said water under

the terms, rules and regulations that the citizens of said City of Rochester then use the same.

And should any water user default in the payment of his said rental then it shall be the duty of said water company to shut off his water and not furnish him with the same until his default is fully performed.

This agreement is to be signed by each and every taker regardless of the time when his service is installed, and approved by the City of Rochester, to be issued in triplicate, one copy to be kept by the Town Clerk of said Lebanon, one copy by the promoters of the enterprise, residing in said Lebanon, and the other to be held by the City of Rochester.

Dated at Rochester, New Hampshire, this 24th day of April, 1924, by the hand and seal of each.

A copy of these contracts were submitted to the Town of Lebanon to be considered at their special Town Meeting and were approved as is shown by the following document:

Town of Lebanon,  
Office of Town Clerk,  
Lebanon, Me., Apr. 30. 1924.

This certifies that the Town of Lebanon, Maine, at a special meeting held April 26, A. D., 1924, took the following action, viz.:

Article 2. Voted to raise and pay to the City of Rochester the sum of four hundred dollars (\$400.00) per year in semi-annual installments for ten years in support of hydrant service and fire protection furnished by the City of Rochester in connection with the proposed extension of the City water service into the Peaveyville District, so called, in said town of Lebanon.

Article 3. Voted to grant to the City of Rochester all necessary rights and privileges as provided by law in laying and constructing the proposed pipe lines through the public streets.

Article 4. Voted to instruct the Selectmen to sign all necessary papers and contracts as provided by law, and to act in connection with a Committee of citizens of said district to see that the work is properly done and to see that all rights and privileges of the Town of Lebanon are properly preserved.

A true copy of the record.

L. S.

Attest: WALTER R. LORD,  
Town Clerk.

Your Committee believes the contracts as submitted give the City proper protection, and as a result of its investigation, recommends that the City's water system be extended to South Lebanon.

Signed:

Harold M. Carr,  
George H. Torr,  
Harry G. Bickford,  
William S. Davis,  
Fred F. Seavey.

Accepted May 6, 1924.

#### TO HIRE IN ANTICIPATION OF TAXES

*Resolved by the City Council of the City of Rochester:*

That the Committee on Finance be authorized to hire in anticipation of taxes a sum not exceeding fifty thousand dollars. The same to be hired on note or notes of the City, to be hired at such time and taken up at such time as the balance in the treasury will warrant.

Passed June 3, 1924.

## TO EXTEND DISCOUNT PERIOD

*Resolved by the City Council of the City of Rochester:*

That the provisions of Section 2 of Chapter XIX of the general ordinances be suspended for the year 1924 and that the following rule stand as to the collection of 1924 taxes:

A discount of one and one-half per cent. shall be allowed on all taxes paid in full on or before the first day of August in said year and a discount of one per cent. on all taxes paid in full on or before September 1, 1924.

Passed July 1, 1924.

## ANNUAL VACATION

*Resolved by the City Council of the City of Rochester:*

That the City Marshal, Assistant Marshal, and Night Watch of the Police Department, and the Chief Engineer, and first truck driver of the Fire Department be granted a vacation of one week with pay. Said vacations to be under the direction of the Committees of the respective departments.

Passed July 1, 1924.

TO FILE COMPLAINT AS TO STRAFFORD YORK  
GAS CO.

*Resolved by the City Council of the City of Rochester:*

Whereas frequent and numerous complaints and remonstrances have been filed with the City Officials of the very high rates charged by the Strafford York Gas Company for supplying the inhabitants with gas which seem to be the highest rates charged by any

Company within the State and probably within New England, and of the quality of gas furnished:

Therefore: I move that the City Clerk on behalf of the City be and hereby is authorized to file a complaint, in writing, with the Public Service Commission of the State of New Hampshire, alleging that the rates charged by the Strafford York Gas Company to the inhabitants of this City are excessive, and that the quality of the gas furnished is of an inferior grade, and ask that the rates may be reduced to a reasonable basis and the quality be raised to a higher standard.

Passed July 1, 1924.

#### TO DISPOSE OF HORSES AND EQUIPMENT IN THE FIRE DEPARTMENT

*Resolved by the City Council of the City of Rochester:*

That the Committee on Fire Department be empowered to dispose of one pair of horses and old equipment in said Department to the best advantage of the City.

Passed July 1, 1924.

#### ASSISTANT CITY CLERK

*Resolved by the City Council of the City of Rochester:*

That the provisions of Section 1, of Chapter 24, of the City Ordinances relative to the pay of the Assistant in the Clerk's Office be suspended for the balance of the year 1924 and that the City Clerk be permitted to employ an assistant for the balance of said year at a salary not to exceed seventeen dollars per week. The same to be paid for a girl of several years' experience in office work and an expert typist.

Passed August 5, 1924.

## TO HIRE IN ANTICIPATION OF TAXES

*Resolved by the City Council of the City of Rochester:*

That the Committee on Finance be authorized to hire a sum not exceeding \$10,000 in anticipation of taxes, the same to be hired on note or notes of the City and to be taken up at the earliest possible date that the balance in the treasury will permit.

Passed October 7, 1924.

## TO TRANSFER FUNDS

*Resolved by the City Council of the City of Rochester:*

That if found necessary in closing the accounts of the year to transfer from a department where there is a balance to a department where there is a deficit, the Committee on Finance be authorized to make such transfer.

Passed December 4, 1924.

BYRON H. HORNE,  
Auditor.

January 31, 1925.

# Report of Superintendent of Water Department

FOR THE YEAR ENDING DECEMBER 31, 1924

---

*To the Committee on Water Works:*

Gentlemen:—The thirty-third annual report of this department is herewith submitted.

Source of supply during the year: Round Pond, Jan. 1 to Jan. 18; Reservoir, Jan. 18, to July 2; Round Pond, July 2 to Dec. 31. The water supply holds up, the quality is good and the absence of algae is appreciated.

We were unable to work at Pond or Reservoir the past season, but considerable work will have to be done there this year.

A line of 1-in. and 1¼-in. was removed on Jenness Street, replaced by 2-in. galvanized W. I. pipe, also a line of 1-in. on Front Street replaced by 2-in. galvanized W. I. pipe.

Construction is as follows:

Sheridan Ave. to Glenwood Ave., 12-inch C.

I. pipe,	5,000 feet
Extension on Harding Ave., Gonic, 2-in.	
Galv. W. I. pipe,	114 feet
Extension on Chestnut Hills Road, 2-in.	
Galv. W. I. pipe,	238 feet
Extension on Harding Street, 2-in. Galv.	
W. I. pipe,	443 feet
Extension to rear of City Hall, 6-in. C. I.	
pipe,	284 feet
	<hr/>
	6,079 feet

Extension to South Lebanon, Me., is as follows:

Charles A. Doull,	<i>Traffic Officer</i>
J. S. Allen,	<i>Police Officer at Gonic</i>
George Herries,	<i>Police Officer at East Rochester</i>

Respectfully submitted,

ISAAC W. RANKIN,  
Marshal.

# Report of Chief Engineer of Fire Department

---

*To the Honorable Mayor and City Council:*

In rendering my report of the Fire Department for the year ending December 31, 1924, I would state that we have been very fortunate this year in not having many serious fires, and our City Government has done a wonderful thing in placing new equipment in Central Station this year so we feel that we are better prepared for whatever emergency may arise by having up-to-date equipment.

There have been sixteen bell alarms, 131 still alarms, mostly chimney fires, 21 brush and forest fires in the City proper, 1 bell alarm, 11 still alarms at East Rochester, 4 bell alarms and 13 still alarms, 3 brush and forest fires at Gonic, making a total of 200 alarms for the year.

June 22 we assisted Milton in their fire.

Nov. 20 we assisted Milton Mills in their fire.

The amount of property involved is as follows:

Value of buildings,	\$261,700 00
Insurance on same,	215,050 00
Losses paid,	10,380 68
Value of contents,	54,580 00
Insurance on same,	29,845 00
Losses paid,	4,276 81

The amount of property involved in fires outside the hydrant services is as follows:

Value of buildings,	\$7,600 00
---------------------	------------

Insurance on same,	\$5,050 00
Losses paid,	4,750 00
Value of contents,	5,750 00
Insurance on same,	1,350 00
Losses paid,	3,725 00

I will state that the Mayor and City Council fulfilled practically every recommendation that was presented to them from the Fire Department this year. They have purchased a triple combination 750-gallon pumping engine, chemical and hose car, a new hook and ladder truck, 1,000 ft. of hose and put in a new battery system with a two-loop switchboard and a new striking machine, also a siren fire alarm system in East Rochester and the department and the citizens greatly appreciate their good work.

The old combination chemical and hose car has been to Boston and was repaired and the double wheels behind has been taken off and all the hard tires removed and the wheels have been cut down and replaced with a special type tire and is a great improvement,

Gentlemen: I can see that the time has arrived, since you purchased the new pumping engine and hook and ladder truck, that the Fire Department needs all the room there is in the Fire Station in order to place their equipment as it should be and your Fire Committee will agree with me this ammonia that comes from the stable, takes the paint off the cars. A hay loft in a fire station is a dangerous thing to have, especially directly under the fire whistle.

We have laid a new wire on King Street this year and I will recommend that the old fire alarm wire be replaced with new this coming year for it is in bad

condition. I think all your school houses except the high school should have a fire box close at hand.

I will recommend that the City purchase a suitable motor chassis and place a hose body thereon, also take the chemical tanks off the old hook and ladder truck and place them on the chassis. This would give the other hose company a truck. I think the City has outgrown hand drawn wagons. This car could be used for a great many things, like chimney fires, brush fires, picking up wet hose and a supply car. This would save on your heavy trucks.

In behalf of the Fire Department I will take this opportunity to extend our sincere thanks to all those who have been so kind and have given to the Department to show that they appreciate their good work.

In behalf of the Board of Engineers I will take this opportunity to extend our sincere thanks to all the officers and members of the Fire Department for the promptness in which they have discharged their duties during the past year.

In conclusion I will take this method to thank the Mayor and Fire Committee and members of the City Council for what they have done for the Fire Department during the year just ended and we hope the new year will be as pleasant as last year.

Respectfully submitted,

JOHN F. NUTE,  
Chief Engineer of Fire Department.

# Report of City Solicitor

---

*To the Honorable Mayor and City Council of the City  
of Rochester:*

I am very happy to report the City free of litigation and that no suits have been brought against the City during the year of 1924.

Large public improvements have been conducted with great care and skill. No disputes or controversies have arisen.

The rights and freedom of the citizens have been observed and their property has been well guarded against violent invasion.

There has been hearty and loyal co-operation of all parties and the City's business has been carefully and successfully handled.

Respectfully submitted,

ELMER J. SMART,  
Solicitor.

January 6, 1925.

# Report of Board of Health

---

*To the Honorable Mayor and City Council of the City of Rochester:*

We herewith submit our report for the year ending December 31, 1924.

Number of contagious or infectious diseases reported:

Measles,	25
Scarlet fever,	3

(all recovered)

Acute anterior poliomyelitis (infantile paralysis),	1
---	---

(died)

Number of deaths from all causes, (not including stillbirths),	178
--	-----

Number of stillbirths,	11
------------------------	----

Number of deaths from tuberculosis,	6
-------------------------------------	---

Number of deaths from cancer,	12
-------------------------------	----

Number of houses fumigated,	4
-----------------------------	---

Number of rooms fumigated,	24
----------------------------	----

Number of complaints (all investigated),	20
--	----

Number of dead animals taken care of.	20
---------------------------------------	----

The record shows that twice as many people died from cancer as from tuberculosis. The answer is consult your physician at once, upon the discovery of any new growth.

Respectfully submitted,

D. L. STOKES, M. D.

FORREST L. KEAY, M. D.,

JOHN I. RANKIN,

Board of Health.

# Report of Library Trustees

---

*To the Honorable Mayor and City Council:*

Gentlemen: The trustees of the Rochester Public Library submit the thirty-first annual report of the trustees also the Librarian's and treasurer's report for the year ending December 31, 1924.

We have purchased some new steel shelving this year and need more for the proper care of the books. We have also purchased a typewriter which has proved of great assistance to the library staff in their work.

We respectfully call the attention of the Mayor and Council to the report of the librarian which will inform you more fully of the work of the library, and its needs.

During the coming year we must have more shelving for books; an addition to the card catalogue case and more room for reference work.

The trustees wish to express their appreciation of the interest, the Mayor Hon. William S. Davis has taken in the library. The Rochester Public Library building is the property of the city and some needed repairs should be made in order to properly maintain the building. We need more money and could use it. Books, periodicals and supplies cost more money to day.

The trustees, in order to maintain the library and continue its usefulness to the public, request that the appropriation for 1925 be \$7,000.00.

The trustees wish to express their appreciation of the courteous work which the librarian and her assistants have rendered the public during the year.

For the trustees,

JOHN YOUNG,

December 30, 1924.

Secretary.

# Report of Librarian

---

*To the Board of Trustees of the Rochester Public Library:*

Gentlemen:—I have the pleasure of presenting a report of the work of the library for the year 1924.

## THE YEAR'S GROWTH

Number of books at last report,	23,297
Number of books added by purchase,	630
Number added by gift,	185
Number added by binding,	48
	<hr/>
Total additions,	863
Number of books discarded because worn out,	68
Number of books destroyed by patrons,	1
Number lost by fire,	2
Number destroyed by Board of Health,	1
Number missing or stolen,	6
	<hr/>
Total loss,	78
Net gain for year,	785
Number of volumes in library December 31, 1924,	24,082

If books once added could be kept, the library would number 25,298 volumes. Books, however, wear out; small children and dogs destroy them; patrons lose them; houses burn and books burn in them; some exposed to contagious diseases are burned by the Board of Health; others are stolen. 1,210 volumes lost to

the library in these various ways during thirty-one years is not a bad record but some of them it has been impossible to replace.

In addition to the books reported missing during the year, three "Hunting in the Yellowstone," Source book of Roman History, and "Leading facts of English History" have been taken from the library. The last two were taken from the table in the reference room. It is possible that these may be returned as thirteen volumes reported to you as missing more than a year ago have been returned through the kindness of a small boy who found them tied up in a parcel in a near by barn. By a little detective work on the part of this boy the others were found later.

In the purchase of popular books reseeded editions have been bought. Thus while the first cost is greater they rarely have to be rebound and the cost of taking care of them is lessened. All books are now shellacked in part at least; old books are often reseeded and put back into their bindings and even whole pages type-written, in these ways adding to the life and appearance of the book. It is not an unusual thing for a book to circulate 400 times before being worn out. It is safe to say that the salary of the extra assistant is saved by the care taken of the books.

#### CIRCULATION AND READERS

Entire number of books given out,	65,431
Number given out to adults,	47,903
Number given out to children,	17,528
Number of books sent to Gonic Agency,	1,103
Number of books given out at Gonic,	1,517
Number of books sent to East Rochester,	831
Number of books given out at East Rochester,	1,085

Number of readers and students counted,	18,462
Number counted in children's room,	8,516
Number of readers at Gonic Agency,	147

In a review of the year's work, it is discouraging to again report a decrease in circulation and readers. Last year, we laid it to the automobile, the moving pictures and the radio. This year the same conditions prevail and in addition, we might add "mah jong," the "cross word puzzle" and a certain deficiency in the books of the day. These conditions are country wide and are noticed by publishers, book sellers and librarians alike. Some even going so far as to say that "adults are losing their love for reading and study."

The circulation of 65,431 means about  $7\frac{1}{4}$  books per citizen annually. As many of the readers borrow more than that number each week there must be many of the people who do not use the library at all. More than sixty per cent. of the 6,870 cards issued are in regular use and the increasing interest in non-fiction is interesting to note. Fiction being only a little over fifty per cent. of the entire circulation.

People have not seemed to find as much time to read in the library this year and the reference work has been severely handicapped by lack of room. Shelving is needed in this department as in all others; a filing case for pamphlet material; and better filing accommodations for the magazines which are so much used for reference. An addition to the card catalog is also needed, as the cards are so crowded as to make it almost impossible to find what the library has on different subjects.

Although a falling off in circulation and readers has been reported there has not been any apparent lessen-

ing in the work of the year. Books have been bought and paid for, catalogued, shelf-listed and accessioned, advertised, circulated, recorded in various ways, sent to agencies and returned, rebound, repaired, worn out and discarded. Magazines have come in been checked up, placed on the tables for the allotted time, then circulated and finally filed or bound, letters have had to be written; reports made, accounts kept; bills copied and filed; reference work attended to and the wants of the people satisfied as far as possible.

Gifts have come, been credited and made a part of the library, each book donated receiving the same attention as a volume purchased. Some of the gifts have been valuable, noticeable among them being books from the estate of the late Mr. C. A. C. Hanson and a set of books given by Mr. and Mrs. Walter Carll. Two gifts of especial interest were the pictures of Rochester, England, given by Capt. Charles E. Hussey and the case of native birds, mounted and arranged by the late Mr. Charles Roberts and given to the library by his sons, Dr. Perley and Mr. Albert Roberts. The readers have again been pleased with the many magazines and papers so kindly contributed by organizations, societies, individuals and publishers, among them "The New York Times," the gift of the Rochester Woman's Club.

"The function of the library as I conceive it," says a prominent librarian, "is not primarily the circulating of books, important as is that part of its work but the dissemination of ideas. The books themselves are mere dead things. The ideas they contain are the living things that count. Books, exhibits, pictures, lectures, are all means to the wide dissemination of worth while ideas among all the people, old and young, to

keep them intellectually alive and growing to the end of their days. This is the library's job." This library has much to do for the people of Rochester, being as it is, the only educational institution for adults in the community.

If conditions are so changing, that the people are either too busy or too hurried to read books, then the library must rise to the occasion and provide in a condensed form all kinds of information, current events and a knowledge of worth while people and books, by talks and lectures either by individuals or by radio. Money spent in these ways might bring good returns.

There have been some changes in the library staff brought about in one instance by marriage in others by school duties. The assistants chosen to fill the vacancies are doing good work.

I would like at this time to speak of the splendid team work of the first two assistants, Miss Foss and Miss Baril. On these assistants falls the larger part of the circulation, reference work and repairing. In addition Miss Foss is making all the cards for the catalog and Miss Baril has charge of the Agency work. Everything that can be done should be to encourage and keep them contented with their work.

I would call your attention to the tables, statistics and lists of gifts which follow as part of this report—and again express my appreciation, gentlemen of the Board of Trustees for your help; your many kindnesses and your encouragement.

Respectfully submitted,

LILLIAN E. PARSHLEY,

Librarian.

Rochester, N. H., December 30, 1924.

## STATISTICS, 1924

Population of Rochester,	9,037
Number holding library cards,	6,879
Terms of use. Free to residents,

JOHN I. RANKIN

# Report of Superintendent of Schools

*To the School Board and Citizens of Rochester:*

I herewith submit for your careful consideration the thirty-third annual report.

## TEACHERS

This year's staff, as a whole, is one of the best that can be found in any New Hampshire city. Not only is the regular work efficiently performed but our teachers are continuously, throughout the school year, studying professional literature. A few of our teachers are contributing to professional magazines, thereby passing their experience on to others.

The following changes have taken place during the year.

	Resignations	Elected
High School		
	Agnes Burnham	Lester E. Smith
	Ruth Fanning	Dorothy Thompson
	Bernice Hatch	Mabelle M. Clow
	Rhoda A. Hyde	Grace E. Gile
	Marion E. Ireland	Catherine D. Larrabee
	Dorothy M. Sears	Newell S. Ames
Mechanic Arts		Guy O. Edmunds
Elementary		
Wakefield St.	Lillian Cooper	Edith P. Perry
Allen School, 7	Lida Varney, leave of absence	Ruth McCallister
Maple St., 1	Hattie Littlefield	Ruth G. Hayes
Maple St., 2-3	Bessie Littlefield	Dorothy Blaisdell
E. R., 1-2	Dorothy Lane	Mildred Whipple
E. R., 7-8	Ethel Leonard	Alice D. Goodwin
Sup. of Music	Louise K. Brown	Anna Dell Quimby

The Committee on Schoolhouses and Grounds has made, during the year, many needed repairs.

A. Allen Building.

1. Lavatory installed in Teachers' room.
2. Boiler partially retubed.
3. Desks buffed and varnished.
4. Panic bolts installed.

B. East Rochester Building.

1. Teachers' room and lavatory for same.
2. Panic locks installed.
3. Desks buffed and varnished.

C. Maple Street Building.

1. Fire escape placed upon building.
2. Panic bolts installed.

D. Meaderboro Building.

1. Building shingled.

E. School Street Building.

1. Grounds surveyed.

F. Gonic School Building.

1. Retubing boiler and insulation of feed and return pipes.
2. Installation of electric lights.
3. Desks buffed and varnished.
4. Panic locks placed on doors.

G. High School Building.

1. Desks buffed and varnished.
2. Tinting offices and one classroom.

The repairs that should be made for 1925:

1. A part of the roof at Allen School needs to be retinned.
2. The roofs at Gonic and E. Rochester must be repaired.
3. Complete retubing of the boiler at the Allen School.

4. Retubing the boiler at the School Street Building.
5. Tinting of several rooms and corridors.
6. A fence at School Street School.
7. Leveling grounds at the Allen and School Street Schools.
8. Installation of lights at Allen School.
9. A flag pole at Allen School.
10. Replacing several of the windows at Maple Street School.
11. Partition in grade 4-5 at Maple Street School.

### EVENING SCHOOL

Rochester probably receives as much in return for the \$1,000 appropriated for its evening school as any other \$1,000 raised for the public welfare. Courses are offered in English, Typewriting, Shorthand, Cooking, Sewing and Mechanic Arts.

Number of sessions,	60
Enrollment,	109
Men under 21 years of age,	35
Men over 21 years of age,	29
Women under 21 years of age,	30
Women over 21 years of age,	15

## SUMMER SCHOOLS

During the summer only one teacher took advantage of a summer course. The School Board of 1924 went on record in favor of adding \$50 to the salary of teachers who attended a full summer session, provided they remained the following school year in our system. Each summer a third of the teachers should be taking professional work.

## A NEW COURSE ADDED TO THE HIGH SCHOOL CURRICULA

In the 1924 Budget \$2,000 was appropriated for the introduction of Mechanic Arts.

During the summer vacation one of the rooms in the high school basement was remodeled for a Manual Training Room. This course was offered to the boys of grades seven, eight and nine. About 140 boys are now taking this course.

The coming school year machine work, electric wiring, mechanical drawing and forging will be offered to grade ten.

This course prepares for the technical college. However, its purpose is largely to give those boys who are mechanically inclined an opportunity to receive a high school education of a practical nature.

## MORE ROOM NEEDED AT THE HIGH SCHOOL BUILDING

For several years your attention has been called to the necessity of additional rooms at the high school building.

After a careful analysis of this problem I am thoroughly convinced that immediately we must have

additional classrooms, and a gymnasium to keep pace with the educational standards of the day.

Rochester's schools cannot stand still. The public is demanding more efficient schools. If we are to send forth from our schools pupils equally prepared to those of other cities we must have the tools and the place in which to offer equal opportunities.

The high school growth has been remarkable. In 1901 there were 135 in the high school, 1911-202, 1921-273, 1924-321 (to date.)

I therefore recommend to the 1925 School Board and citizens of Rochester additional classrooms and a gymnasium added to the present high school building.

#### DO YOU KNOW

1. That there are 1312 day pupils and 109 evening school students in our public schools?

2. That there are forty-four teachers in the day schools and eight in the evening school?

3. That the average daily absence is 64.02 in the day schools or 5%?

4. That this causes a loss to children? A child cannot be expected to do 100% of his work in 95% of the time required.

5. That it costs the city \$74.66 per pupil per year for education? Average for the state is \$83.27. To attend a private school it costs \$600 to \$1,000 for equivalent education.

6. That Rochester had 168 days of school last year?

7. That there is back of each pupil, based upon average daily attendance, \$10,704? The average for the state is \$1,235.

8. That it costs to keep each pupil warm \$3.07 per school year? In Manchester \$4.38

9. That there are 124 pupils transported to school? It costs \$51 per pupil per year for transporting these pupils.

10. That Rochester High School will graduate the largest class in its history in 1925?

11. That the newspapers of Rochester have given more space to its schools than has been given in any other city in New Hampshire and probably in New England and possibly in the United States?

12. Your boy's teacher and the Board members of your Ward?

13. That Rochester built its first high school building in 1875, second in 1883, the present building in 1901 and now needs additional classrooms and a gymnasium?

14. That 554 pupils have defective teeth? Enrollment is 1312.

### CONCLUSION

In conclusion, I wish briefly to indicate some of the important changes that have taken places concerning the schools for the past ten years.

	1914	Increase	1924
Population of Rochester, census, 1910, 8,868		census, 1920, 9,673	
Increase in ten years,		9%	
Average Daily Attendance,	1,221		1,194
In 1914 St. Charles and St. Leo Schools had not been established.			
Enrollment Sept.,			227
Number of teachers,	42		44
Increase in number of teachers,		5%	
Valuation of city (assessed)	\$6,347,021.00		\$9,200,021.00
Increase,		45%	
Total appropriation, (by taxation),	\$115,561.00		\$236,066.00

Total school appropriation,	\$32,000	\$87,000.00
Percent of appropriation for schools,	29%	37%
Percent of increase in school appropriations,	168%	
Cost per pupil based on average daily attendance,	\$28.58	\$74.66
Percent increase per capita cost,	162%	
Average salary of teachers,	\$494.00	\$1,302.00
Increase,	164%	

Within this period an evening school has been established.

A Domestic Arts Course has been introduced and extended to the seventh grade.

A nurse and two medical inspectors are now employed to care for the health of the pupils.

Supervised play during the summer vacation was not a part of the school program in 1914 .

The teachers' salary schedule has been revised.

During the past year a Mechanic Arts Course has been established.

Rochester certainly has been making school progress. Other cities have also been moving forward and in order that we may continue to give the boys and girls of this city educational opportunities equal to other communities we must expect changes.

I wish to express my appreciation to the members of the School Board, teachers, and citizens for their excellent cooperation during the past year.

Respectfully yours,

WILLIAM H. BUKER.

# Report of Headmaster of High School

---

*Mr. William H. Buker, Supt. of Schools, Rochester, N. H.:*

Dear Sir:—I herewith submit my second annual report as Headmaster of the Rochester High School.

The school has enrolled this year 321 pupils.

## REGISTRATION BY CLASSES

Class	Boys	Girls	Total	Loss
Senior,	22	45	67	2
Junior,	41	37	78	1
Sophomore,	31	32	63	2
Freshman,	61	51	112	11
Post-Graduates,	1	0	1	

The loss of sixteen pupils since the beginning of the fall term has been due to the following reasons:

Moving out of town,	4
Ill health,	1
To go to work,	6
Unsatisfactory work,	5

## REGISTRATION BY COURSES

Courses	Boys	Girls	Total
Academic,	64	44	108
Commercial,	15	97	112
General,	29	4	33
Domestic Arts,	0	24	24
Mechanic Arts,	44	0	44
<hr/>			
Total,	152	169	321

## STUDENT-ACTIVITY ASSOCIATION

## Report for School Year 1923-1924

	Receipts	Disburse- ments
Student-Activity Account,	\$855 38	\$326 77
Lunch Counter,	622 30	538 10
Athletics,	1,307 39	1,805 51

Cash on hand, September 1, 1923, \$507 57

Profit for year 1923-1924, 115 69

Cash on hand, June 30, 1924, 623 26

Report from September 1, to December 15, 1924

	Receipts	Disburse- ments
Student-Activity Account,	\$350 29	\$ 79 35
Lunch Counter,	174 35	120 00
Athletics,	623 80	942 09
Red and White,	141 35	165 85
	<hr/>	<hr/>
Total,	\$1,289 79	\$1,307 29

Cash on hand, September 1, 1924. \$623 26

Loss for period, Sept. 1, to Dec. 15, 17 50

Cash on hand, December 15, 1924, 605 76

Athletics do not pay in Rochester due to the fact that we have a large number of boys for our teams and equipment is very expensive. A larger attendance at our home games will be greatly appreciated.

## TEACHERS

I believe that the most important factor in the success of a school is its corps of teachers. There are teachers and teachers; but, only those of successful experience can keep our school up to the present high standard of excellence. During the two and one half years that I have been connected with the Rochester High School, several teachers have resigned to accept more remunerative positions. With but one exception we have filled these vacancies with teachers of experience. We have at the present time one of the most efficient corps of teachers in the history of the high school.

Rochester High School ought to keep the present teaching corps intact for several years. Good teachers, the same as successful professional men and successful skilled workers in any line, are scarce. The worth and influence of good teachers cannot be measured in money. To lose our present teachers will certainly necessitate a rebuilding with raw material of the teaching corps we now possess. Teachers from colleges are often coached in the rudiments of scholarship. They need experience to complete their education. Teachers are continually building citizenship for the future.

## HIGH SCHOOL BUILDING

Rochester High School faces a serious crisis. The building is being used to the maximum each period of the day. Recitation rooms, vocational rooms, science rooms and equipment, and also a gymnasium are necessary. Failure to provide these additional rooms and equipment will mean that vocational work, science and

athletics must either drop out of our curriculum, or else be carried on in such a manner that we will be unable to obtain approval from the colleges, the state department, and the parents of the pupils who take these courses.

### GRADUATION

The Springfield Scholarship was awarded to Miss Ruth Horne, now a freshman at the University of New Hampshire. The Dartmouth Medal for excellence in scholarship was awarded to Miss Eleanor Blaisdell of the class of 1926. Large scholarship R's were awarded to the following: Zilpha Capron, Pearl Roberts, Alfred Young.

Small scholarship R's were awarded to the following: Dallas Fraser, Laura Marcotte, Gladys Slocum, Alma Capron, Nora Daggett, Ruth Feineman, Zelma Libby, Mary Nesbitt, Bennett Redmond, Helen Sanders, Winnefred Sanders, Eleanor Blaisdell, Louise Dickinson, Wallace Greene, Edythe Hooper, Thomas Nangle, Alice Thompson, Charles Felker, Elsie King, Elizabeth Rublee, Francis Walbridge.

I wish to express my appreciation to the teachers for their fine spirit of co-operation, to the superintendent for his help and suggestions, to the school board for its interest in school affairs and to the parents and citizens for their support and friendliness.

Respectfully submitted,

ELWOOD S. FRASER,  
Headmaster.

# Report of the Supervisor of Music

---

## *To the Superintendent of Schools:*

It is with pleasure that I submit the following report of the music work in the schools of Rochester.

I found the music in the schools in good condition and have tried to continue the work, building on the old foundation. The superintendent and teachers have willingly cooperated. I appreciate the fact that much of the success of this department depends upon the faithful work of the teachers. In order that they may know the plan of work, monthly outlines are used each month. These outlines include the necessary technical drill work. To check up the work, written tests are occasionally submitted and corrected by the supervisor.

Since all the work is to develop appreciation, ease in note reading and singing in order that the pupils may enjoy singing together, songs have been selected for class work which correlate with the regular work or are appropriate to the season as were the Christmas carols and songs which were sung in December.

In the High School the glee club and orchestra continue to do good work. They furnished music for the County Teachers' Institutes which were held in Rochester on November 10, 1924 and Jan. 26, 1925. The orchestra frequently plays for social gatherings of various types. Plans are being made in Allen School to form a Junior High School orchestra and it is hoped other schools will be able to form similar organizations. This not only furnishes an orchestra for the Junior

High School entertainments but is excellent in that boys and girls are training for work in the Senior High School later.

In conclusion, may I leave this thought with you, "Music is like life; there is no limit to its expression."

Respectfully submitted,

ANNA DELL QUIMBY.

# Report of the Medical Inspector and School Nurse

---

*To the Superintendent of Schools:*

Herewith is submitted the report of the Medical Inspector and School Nurse for the year ~~1924-1925~~.

Number of pupils examined,	1923-1924 1,308
Pupils not examined by parents written request,	6
Pupils absent,	11
Pupils defective,	856
Pupils with defective teeth,	554
Pupils with hypertrophied tonsils,	238
Pupils with defective vision	185
Pupils with defective hearing,	52
Pupils with cardiac defects,	17
Pupils 10% underweight,	217

Pupils treated and improved since last physical examination:

Pupils' teeth improved,	79
Pupils' tonsils improved,	47
Pupils' 10% underweight brought up to normal,	149
Pupils' vision improved,	2
Pupils' cardiac defects improved,	5

These are the facts upon which we build our "follow-up-work."

Pupils with such diseases as pediculosis and scabies have been treated continuously throughout the year. It is a great pleasure to publicly acknowledge the earnest cooperation of parents and pupils in carrying out treatments as recommended.

The underweight problem is one to be carefully met. In cases where it was becoming a chronic condition especial efforts have been made to change conditions.

Eye glasses are being regarded as good friends. Pupils soon realize the importance of seeing distinctly.

Lasting work is guided by a willing mind. "He that is convinced against his will has the same opinion still." It is the cooperative spirit of pupils, parents, teachers, principals, superintendent of schools, school board, and all interested in this work that counts for success.

It is a great pleasure to thank you all for your cordial support.

Respectfully submitted,

JOHN H. BATES, M. D.

AUGUSTA M. WEST, R. N.

# Report of Playground Supervisor

---

*To the Superintendent of Schools:*

It is a well known fact to those people of this city who have taken advantage of the recreation opportunities afforded by the city playground, that in Dominicus Hanson Park, Rochester has one of the finest city playgrounds in the State of New Hampshire. To make the best possible use of this park has been the aim of its supervisors.

The equipment, so generously given by the Local Chapter of The Red Cross and by the City Government, attracted many city children during the eight weeks of supervision. The average daily attendance was over 200, while the very warm days found many more using the swimming hole, basketball and tennis courts. Aside from the daily opportunity for play, there were a number of features this year which added greatly to the general interest. The younger folks, so ably taken care of by Miss Rioux, assistant instructor, took a hike each Wednesday while on Fridays an hour was given over to story telling. Once a week there was held an athletic meet, prizes for which were given by the local merchants. Prizes were also given to the boy and girl who obtained the highest total points for the summer.

Special mention should be made of two visits to the Park this summer, one by Miss Schmidt, Secretary of the National Playground Association, who gave many helpful suggestions, and the other by Commodore W. E. Longfellow, the Red Cross National Field Agent

in Life Saving. Mr. Longfellow gave a very valuable, as well as entertaining demonstration in Life Saving and in the prone pressure method of resuscitation.

In conclusion, I wish to express my appreciation of the very great interest shown in the playground work by the Superintendent of Schools, by the City Administration, and by the many merchants of the city, all of whom had a part in giving the boys and girls of Rochester a worthwhile summer.

Respectfully submitted,

ELTON J. MANSELL.

LIST OF EIGHTH GRADE GRADUATES, JUNE 13,  
1924

## WAKEFIELD STREET SCHOOL

*Dorothy C. Berry	*Maurice Greenfield
*Beatrice Blanchard	Charles E. Ham
*M. Lucille Burrows	*Doris L. Horne
*Reginald F. Cookson	Esther A. Houle
*Kenneth A. Dame	*Martin L. Lord

Alfred Desmarais	*Elizabeth Lowe
*Edwin L. Dexter	*Frances G. Malone
*Lena E. Downes	*Ernest J. Michael
*Clara C. Drapeau	*Bernard A. Peterson
*Leonard A. Dunnells	*Arthur H. Piper
*Lloyd Emerson	*Bernice L. Seavey
*Vera L. Fenton	*Marylyn V. Seaward
Alcide J. Ferland	*Marguerite E. Shedd
*Albert C. Fisher	*Earle C. Smith
*Raymond Fisher	*Wayne E. Smith
*Rhona I. Foss	*Maurice Stevens
*George Gagne	*Iva L. Swaine
*Gladys M. Gray	*Elizabeth C. Sweet

## SCHOOL STREET SCHOOL

*Alice Allen	*Harold Hamilton
*Davis Arnold	*Ida Junkins
*Elbridge Avery	*Millard Junkins
Albert Baker	*Arlene King
*Thelma Barber	*Janet Knowlton
*Raymond Bemis	*Doris Marchand
*Harold Canavan	*Elmer McAllister
*Dorothy Chalmers	*Betty Murdock
*Mildred Cheney	*Velma Nute
*Clarie Creteau	*Dorothy Page
*Thelma Davis	*Wayne Ricker
*Harold Edgerly	*Rose Ruel
*Esther Emery	*George Stuart
*Spencer Furbush	*Myron Varney
*Clayton Garnett	*Sara Weeks
*Irene Gilman	*Norman Woodes

## GONIC SCHOOL

Elizabeth Burbank	Alfred Howard
*James Connelly	*Dorothy Lenfest
*Arthur Donahue	John Meader
*Melvin Fanning	Beatrice Nedeau
Winfield Fernald	*Gretta Welsh
John Goulett	Edward Wood
*Elmer Gowen	*Gertrude Bunker

## EAST ROCHESTER SCHOOL

Althea B. Carpenter	Marjorie L. Maguire
*Roy T. Collins	Hazel A. March
*Walter L. Cook	*Elizabeth M. Ruel
*Evelyn L. Dorr	*Ralph C. Sinclair
Arthur Folsom	*Florence M. Stevens
*Telesphore W. Foster	*Avarita B. Thibault
*Catherine R. Hickey	Velma Van Buskirk
*Maurice D. Hickey	

## MEADERBORO SCHOOL

\*Flora MacLeod                      \*Leola Meader

\*These pupils entered High School September, 1924.

## IN MEMORIAM

Edward Cormier, Allen School, Grade VI, Mar. 2, 1924.

Hannah E. Dustin, Allen School, Grade I, July 10, 1924.

Wilfred Poisson, Allen School, Grade VI, Dec. 27, 1924.

Joseph J. Langevin, member of the School Board, August 18, 1924. The following resolutions are printed in the School Board Records:

Be it resolved that from our membership we have lost a friend, an efficient associate, and one who stood for all those things progressive in education. Mr. Langevin was a man who was always willing to give freely his time and strength to educational problems.

Be it resolved that a copy of these resolutions be spread on our records, and a copy sent the bereaved family.

Vital Statistics  
of the City of Rochester  
1924
